

HACKERRANK

Homework 1 – Algorithms of Data Mining

1. INTRODUCTION

The screenshot shows the HackerRank website's 'Submissions' page. The browser's address bar displays 'hackerrank.com/submissions/all'. The page title is 'All Submissions'. Below the title, there are two sorting buttons: 'Sort by Date' (highlighted in green) and 'Sort by Challenge'. A table lists the user's submissions, showing the problem name, language used (all are PyPy), time taken, result status (all are 'Accepted' with a green checkmark), and the score. Each row has a 'View Results' button. At the bottom of the page, there is a navigation bar with links to various sections like 'Contest Calendar', 'Interview Prep', 'Blog', 'Scoring', 'Environment', 'FAQ', 'About Us', 'Support', 'Careers', 'Terms Of Service', 'Privacy Policy', and 'Request a Feature'. The Windows taskbar at the very bottom shows the search bar and several open applications.

Problem	Language	Time	Result	Score	
Print Function	PyPy	1 minute ago	Accepted ✓	20.0	<button>View Results</button>
Write a function	PyPy	25 minutes ago	Accepted ✓	10.0	<button>View Results</button>
Loops	PyPy	41 minutes ago	Accepted ✓	10.0	<button>View Results</button>
Python: Division	PyPy	about 1 hour ago	Accepted ✓	10.0	<button>View Results</button>
Arithmetic Operators	PyPy	about 1 hour ago	Accepted ✓	10.0	<button>View Results</button>
Say "Hello, World!" With Python	PyPy	about 1 hour ago	Accepted ✓	5.0	<button>View Results</button>
